

Velma Butler

Beef Cattle Farm Operator

Berkeley County

Hard work and dedication is the foundation of all agriculture. Velma's commitment to Agriculture is shown through the countless hours worked on her beef cattle farm and as the previous market manager of the Inwood Farmers Market. She was the driving force behind the first major retail changes at the market and helped make it the success it is today.

According to Velma, "Being a woman in agriculture is difficult, but worth all the work."
