Dairy Farm Operator Vinemont Farm

Jefferson County

Looking back on the years of city life and now 70-some years of farming, I wouldn't trade my life. With hard work and a desire to learn, I have been able to fulfill a dream that was unknown years ago. Being on the farm makes you a healthy survivor. Hard work alongside you soul mate strengthens you both. Sharing your tasks, your problems and your belief in God is a satisfying feeling for a job well-done
