

Karen Knight

Agriculture Business Operator
Marshall County

How has being a woman in
Agriculture helped you succeed in life?

For the past 36 years I have been in charge of company financing for our families farm equipment business in the Northern Panhandle. This experience has given me true respect and admiration for the hard working American farm families that have dedicated their lives to agriculture. Seeing the effect of personal sacrifice and contributions to others from the agricultural community makes me proud to be involved in this industry. Being involved in agriculture has given me perseverance and dedication to God, family, farm, community and country which has guided me to be a better person in both business as well as everyday life.
